## creative , design

### krede [kredi:]

Only when working with a good chair,  
you can have the power to immerse yourself in creating new opportunities.  
“krede” was born as a result of the long design and research on “seating”.  
The design philosophy of “krede” is to make a chair that is faithful to the basics.  
If you are looking for a good chair, there is “krede”

sit in joy, krede

### design JOYN

krede CEO Cho YoonHa (JOYN) is the representative chair designer in Korea.  
The products designed by JOYN changed the paradigm of overall Korean chair design,  
and JOYN has shown the way the brand should go by his own products.  
“krede” will show its value  
by concentrating on what the users really want more than the designer's own angle,  
also aiming for superior comfort and beauty better than anyone else.

### UZUO

“krede” goes with “UZUO”, one of the best chair manufacturers in China.  
A total of 220,000m<sup>2</sup> scale factory has 80 injection machines,  
and this factory produces all parts to ensure a consistent quality of over 300,000EA per a month.  
Also, all products are managed by strict test level higher than BIFMA through its own test lab.

### “krede”

will offer you a new pleasure of “seating”  
by the advanced design that the user wants  
and superior quality products  
with honest price.

# K10

Combining the latest in comfort and technology, K10 offers easy-to-use features and breathable mesh, delivering the most comfort and the sustainable quality for long time work.

## Outstanding Performer at Workplace, K10

The most advanced synchronized tilting mechanism of K10 realizes the ergonomic ideal of chair synchronizing with user's body in motion. Maximum adjustability with easy handlings of the smartly designed levers completes the highest performance of K10.

# K10

K10 has the most advanced functions such as adjustable headrest with spring tension, 4D armrests, lumbar support, depth adjustable seatrest, etc., to maximize the users' working efficiency.

# K10M

It gives vitality to the space and a pleasant impression.  
K10M chair helps you to focus on productive learning  
and work by providing vitality and comfort to your work.

### User-Friendly Sitting Experience, K10M

K10M is another version of K10 with all-mesh task seating for more elastic reaction to frequent posture changing and various body type.

K10M offers the ultimate user-friendly sitting experience.

# K10M

## Highly Elastic Soft Mesh

K10M chose highly elastic soft mesh for both backrest and seatrest to provide customized comfort.

## DETAIL & FUNCTION

### 1,2. Adjustable Headrest (Optional)

The headrest is height adjustable, especially, it helps the user's head maintain comfortable position all the time by natural reaction when tilted.

### 3,4. Adjustable Lumbar Support

The lumbar support is height and depth adjustable.

### 5,6. Adjustable Armrest

The armrest is height adjustable depending on user's preference, and it also offers additional forward/backward, left/right and angle adjustment.

### 7. Highly Elastic Soft Mesh

K10M chose highly elastic soft mesh for both backrest and seat to provide customized comfort.

### 8. Adjustable Seat

The depth of seat is adjustable up to 60mm depending on the user's preference.
